

KS FOP (1st Call) *Version #4

INTRO (KS) - Hi, this is _____ with Corporations for Character calling for the Kansas Fraternal Order of Police. We wanted to quickly explain what we're doing, and I'll be really brief. I'm calling today because we're actually the voice of the Fraternal Order of Police. And even though we may sometimes take them for granted isn't it nice to know that we do have law enforcement around to help keep us safe?

CONTINUE T2 (KS) - Yeah absolutely, and the Fraternal Order of Police was founded to help provide a number of important programs that benefit member officers. And because these officers have given so selflessly to help the community, we're asking each family who can to give a little back. And as a thank you for any support you can give we send you a decal for your car to show that you helped out, we also don't ask anyone to make their donation over the phone. So knowing that every little bit makes a big difference, can we please count on your support for these officers? We can delay your donation for 30 days, and even if it is \$10 dollars, it would really help. Is that okay?
